BANKER CURTIS BLAMES MORSE

Holds Financier Responsible
for Bank's Troubles.

MADE A VIGOROUS PROTEST

Claims He Considered Continuance of Practices Inaugurated by Morse to Be a Grave Menace to the Stability of the Bank of North America—Curtis Refused to Let F. Augustus Heinze Have Big Sum of Money.

New York, Oct. 29.—The apparent determination of Alfred H. Curtis to exonerate himself of all blame respecting the banking transactions for which he and Charles W. Morse are now undergoing trial in the United States district court here became more defined when under the prompting of his attorney, Mr. Curtis produced a letter written by him under date of June 13, 1907, and addressed to Morse, in which he protested vigorously against the continuance of practices inaugurated by the latter, which in Curtis' opinion constituted a grave menace to the stability of the Bank of North America.

The incident of the overdraft of \$210,000 by Morse, previously testified to, was made the subject of searching questions by the witness' own attorney. Mr. Curtis related the coming of F. Augustus Heinze to him with a request for a loan of \$125,000 and his refusal to grant the accommodation. Morse remonstrated with him, saying "unless we let them have the money they must go to the wall." Curtis stood firm, however, he said, and retorted: "They cannot have a cent of the bank's money; if they must fail, they must fail."

Check Had Been Honored.

But to his amazement, he testified, a personal check of Charles W. Morse for \$125,000, drawn to the order of Heinze, came through the next day. The check had been honored, although at the time the witness said, Morse had a balance to his credit of only \$3,100.

"I at once went to Mr. Morse," the witness said, "and told him that he must protect the bank and at once wipe out this overdraft. Mr. Morse sent out and got two boxes of securities and turned over their contents to me. I told him that the securities he offered were insufficient and he offered to give me an order on \$1,000,000 of steamship bonds which he had on deposit in London. I accepted the offer and upon being given the order at once cabled to London to have the securities held subject to the Bank of North America's order."

The witness was then turned over to the attorneys for Morse for what virtually proved to be cross-examination. Despite the efforts of Morse's attorneys to present Curtis in the light of a free agent who at all times was not under the control of Morse, the witness persisted in maintaining his contention that he was but the instrument of another's will and purpose.

"I never made a dollar through any speculation in any enterprises upon which the bank was loaning money," said he. "I earned my salary and that was all. The bank was my life's business and I worked for it conscientiously and faithfully."

Bridegroom Ends His Life.

Paris, Ky., Oct. 29.—J. W. Hutchison of Harrison county, a widower with two children, was married here Tuesday to Mrs. Nannie G. Swinford of Cynthia. They returned to Cynthia and soon Hutchison came back to Paris and made an attempt to have the marriage set aside. Finding he was unable to do this, he went to a livery stable and fired a bullet through his brain.

Pierce Will Stand Trial.

Austin, Tex., Oct. 29.—Henry Clay Pierce is coming back to Texas to answer the indictment returned against him in this county charging him with false swearing. Pierce will be here Nov. 9 to stand trial.

AGAIN FOUND GUILTY.

William Montgomery Convicted of Embezzling Bank's Funds.

Pittsburg, Oct. 29.—William Montgomery, cashier of the Allegheny National bank until the discovery of a shortage in its funds of over \$1,250,000 early last summer necessitated closing the institution, was for the second time this week found guilty of embezzlement of funds, his peculations in the two cases amounting to \$613,000.

The case just concluded involved the abstraction of \$144,000 worth of the bank's bonds, and as in the first case Montgomery offered no testimony in defense.

Montgomery was also jointly indicted with Addison S. Altaffer, discount clerk, the latter being accused of aiding the cashier in abstracting the

bank's funds, and hearing of this case will probably begin early next week. Two indictments for forgery against Montgomery are pending in county courts.

Every effort has been made by the prosecution and bank directors to learn from Montgomery what became of the money abstracted or who besides himself received the money, but the cashier has steadfastly refused to involve others and it is generally believed that it was to prevent the possibility of others being dragged into the case that no defense was offered in the two cases.

NEW YORK FOR BRYAN.

Such Is the Prediction of William J. Connors.

New York, Oct. 29.—William J. Connors, chairman of the Democratic state committee, gave out the following statement:

"I am thoroughly confident that Bryan and Chanler will carry the state of New York, as I am that election day will come next Tuesday. My confidence is based on a complete canvass of the state and on detailed reports I have received this week from every Democratic state committeeman, county chairman and prominent party leaders. These reports show that the labor vote of this state is practically solid for both the national and state tickets."

"We will more than hold our own among the business men and all signs point to an increase in the Democratic vote in the rural communities. I am in possession of estimates from every county in the state, based upon existing conditions, and I thoroughly believe that the Republican national ticket will have less than 89,000 plurality outside of Greater New York, and the Republican state ticket less than 67,000."

"Bryan's plurality in the state," continued Mr. Connors, "will be more than 40,000 and Chanler's not less than 100,000. These figures are conservative. Lieutenant Governor Chanler has made a strenuous and winning campaign. Mr. Bryan's visit to the state of New York has been productive of immense good to the party. He has made a profound impression and we are many thousand votes stronger than when he began his tour of the state on Saturday last."

Audience in Madison Square Garden Warmly Welcomes the Two Republican Candidates—Governor Hughes Makes a Characteristic Address, But Judge Taft Is So Hoarse His Speech Is Very Short.

New York, Oct. 29.—William H. Taft and Charles E. Hughes were the attractions at a great Republican mass meeting at Madison Square Garden.

The meeting was remarkable in more ways than one. At every mention of the name of Governor Hughes the hall resounded with cheering and when he entered the hall, the crowd, which filled every available space in the auditorium, cheered him for sixteen minutes without stopping. Governor Hughes made a characteristic address, which was received enthusiastically. But it remained for Mr. Taft to inspire the greatest demonstration. For nineteen minutes Madison Square Garden trembled from the stamping of thousands of feet and the roar of voices.

Mr. Taft tried to quell the racket, but was powerless to do it.

When the noise ceased Mr. Taft began his address. His voice was hoarse, but the crowd was satisfied merely to look at him, and his every word was cheered.

There were a number of other speakers before Judge Taft and Governor Hughes arrived, but the throng was impatient to hear the presidential and the state nominee.

Had Made Many Speeches.

Their appearance at Madison Square Garden came at the end of a day which from a political viewpoint was most remarkable. During the day Mr. Taft spoke at fourteen meetings and Governor Hughes spoke fifteen times. Then, while the Madison Square meeting was in progress a giant parade was wending its way in a downpour of rain through the heart of the city. These were only the main features of the day.

Hours before the doors of the garden were thrown open long lines of ticketholders had formed and by 8 o'clock the police had to bar all except reserved seat ticketholders. The galleries in the garden were girdled with American flags, the dome was hidden by a mammoth American flag and over the main entrance hung a blue Yale banner with portraits of Taft and Sherman upon it, and in the center "Yale '78." Judge Taft having been a graduate in 1878.

A band of 100 pieces kept the crowd from becoming impatient during the hour or more that elapsed before General Horace E. Porter, who presided, called the meeting to order. General Porter spoke briefly, predicting the election of Mr. Taft. He then introduced Senator Henry Cabot Lodge, who delivered a short address.

Oscar Straus was introduced next and while he was speaking was interrupted by the appearance of Governor Hughes in the hall. The crowd sprang to its feet, waving flags, the band played a lively air, which could hardly be heard, and for sixteen minutes there was an uproar. The excitement increased when Governor Hughes reached the platform. Men were standing on chairs, throwing their hats into the air and shouting at the top of their voices. After ten minutes had passed and voices began to grow weak, the audience started to stamp and the building trembled from the uniform pounding of thousands of feet.

Cheering Did Not Last Long.

When General Porter introduced Governor Hughes as the next governor of New York there was more cheering, but it did not last long, for everyone wanted to hear his speech.

The governor, who had spoken to six meetings prior to reaching the garden, paid a tribute to Mr. Taft and then took up the issues of the state campaign.

While Governor Hughes was speaking cheers were heard outside and shouts of "Taft, Taft, Taft," made the governor decide to cut his speech short.

It was two minutes after 11 o'clock when Mr. Taft arrived. As soon as he was recognized there was tremendous cheering, which lasted for nineteen minutes. The crowd shouted "Taft, Taft, Big Bill Taft," and sang Yale songs while the band played, but the instruments could be heard only when the cheering died down a bit. Mr. Taft stood on the platform with a smile of appreciation wreathing his round, good-natured face. As the cheering continued minute after min-

Did Not Make Statements Credited to Him Regarding Fleet.

Great Falls, Mont., Oct. 29.—Senator Joseph M. Dixon when shown a dispatch from Kalispell, Mont., regarding his speech there and his reported allusion to the trip of the American fleet to Japan, made a practical denial of every word therein contained.

Senator Dixon said that in his Kalispell speech he alluded to the trip of the American fleet as an object lesson to the world and particularly to that portion of the Japanese population desiring war, but that at no time did he even suggest that the emperor of Japan had appealed to President Roosevelt to send the American fleet to Japan as an object lesson to jingo Japanese.

SUFFRAGETTE DISTURBANCES

Compel British Government to
Take Unusual Action.

London, Oct. 29.—Suffragette disturbances have driven the government to the unusual course of temporarily closing the strangers' and ladies' galleries in the house of commons.

During the evening, while the house was discussing the licensing bill, a sensation was caused by the display of a placard and sudden shrill cries from the ladies' gallery, demanding votes for women, while simultaneously a bundle of handbills fluttered down from the strangers' gallery at the opposite end of the chamber, and a man shouted protests against "injustice to women."

Attendants hurried to the galleries and the male offender was unceremoniously ejected, but from the ladies' gallery sounds were heard of a desperate struggle. Two suffragettes had firmly chained themselves to the grille and resisted for a time all efforts at removal, crying continuously in shrill tones their demands for votes.

The scene was watched with amazement from the floor of the house, but finally the suffragettes were dragged from their posts and removed, but only after portions of the grille were removed with them.

Ten minutes later there was another dramatic scene, a man in the strangers' gallery flinging another bundle of bills down upon the house and shouting:

"Why don't you give women votes and relieve the unemployed?"

Attendants rushed upon him, but he resisted fiercely the attempt made to carry him bodily from the gallery. After a desperate struggle, the attendants succeeded in ejecting the man. About the same time a large body of suffragettes made a demonstration outside the parliament building and fifteen of them were arrested.

ORIGINAL MUNICIPAL OWNERSHIP MAN

Edward Crust Entitled to That Credit by Work When in City Council

PROMINENT IN MANY WAYS

Mr. Crust Has Been Active in Public Affairs in Brainerd For 25 Years

If any man in Brainerd is entitled to the designation of the original municipal ownership man Edward Crust, the republican nominee for mayor is.

Mr. Crust, who has been a resident of Brainerd for over a quarter of a century, has served eight years in the city council, six of them as president. During all that time he has been a consistent and active advocate of municipal ownership. He was one of the committee from the city council which obtained for the city in the year 1902 an option on the dam across the Mississippi river at this point for the sum of \$25,000. This option the city, after holding a meeting for its discussions refused to accept. Had the city council and the city as a whole been as far sighted as Mr. Crust, and those who worked with him at that time, the question of power for light and water plants would not have been vexing the people today.

In addition to this Mr. Crust while in the council advocated securing the water plant as soon as the franchise expired and refused to consent to any renewal of it.

Mr. Crust was two years ago elected a member of the county commissioners for four years and has been an earnest worker in that body for the good of the county and its taxpayers. He was a member of the commission which prepared the charter which will be voted upon at the next meeting and was in favor of every proposition incorporated into that charter looking to the establishment of municipal ownership. He was a charter member of the East Brainerd hose company and has been a member during the entire 25 years of its existence and during that time has been almost continuously an officer, being at present its treasurer.

He has been vice president and is now president of the Commercial club, and is president of the Northern Pacific Library association.

In fraternal circles he has also been active and has held every office in the A. F. & A. M., the R. A. M., the K. T. and Knights of Pythias and is a member in the M. W. A. and the U. O. F., and in every place he has been found faithful to every trust.

Mr. Crust is also an honorary member of the Minnesota state fair association.

The attention of Mr. Crust was called to the report being circulated to the effect that if he was elected he would resign to permit the appointment of another man by the council. This he declared was entirely without foundation. He had consented to run because many of his friends believed it was for the best interests of the city, and if elected should serve to the best of his ability and do all in his power for the establishment of municipal ownership.

DEATH OF MRS. LINDSAY

Tacoma Daily News Brings Word of the Death of the Mother of Mrs. A. G. Michie

The Tacoma Daily News of Oct. 19, contains the following:

Mrs. Mary Clark Lindsay, aged 84 years, widow of the late Captain Robert Lindsay, of Aberdeen, Scotland, died yesterday at the residence of her daughter, Mrs. Andrew G. Michie, 5009 North Ninth street. The funeral was held from Hoska's chapel this afternoon, Rev. D. G. LeSourd officiating. The interment was in Tacoma cemetery.

Mrs. Lindsay resided in this city for some time with her daughter, Mrs. Michie, when the family were residents of Brainerd and has many friends in Brainerd who will hear with regret of her death.

BOYS WANTED FOR SPECIAL POLICE

Chief McGivern will Again Employ Boy Policemen for Hallowe'n Night

WORKED WELL LAST YEAR

This Experiment was Tried in Brainerd Last Year for First Time

Last year for the first time Chief McGivern adopted the plan of enlisting the boys of the city in keeping order on Hallowe'n night. This plan had been previously successfully tried in other places and it worked so well here last year that it will be tried again this year. Chief McGivern will select five boys in each ward and would like to have any boys who wish to act as special officers meet him at the municipal court room Saturday afternoon at 3 o'clock.

Don't Try Uncertain Recipes

It is entirely unnecessary to experiment with this, that and the other recipe. Why waste time, money and patience when you can get from your grocer, for 10 cents, a package of "OUR-PIE" Preparation—Lemon, Chocolate or Custard—for making pies that are so good that when you eat one piece you will want another? The way to please the men folks is to give them good pie.

Frank A. Day, Democratic state chairman, and Gov. Johnson's private secretary, in his paper, "The Fairmont Sentinel," said: "The people have confidence in 'Jake.' He is honest and unpurchasable. He was never controlled for a minute in his life by the 'interests' and he refused 'to herd the pregnant knee, that thrift may follow fawning.'"

by the Service it gives you.

If you should buy an overcoat now and next February find it was not fit for another season, you wouldn't be greatly pleased with it or the store where you bought it—would you? Yet you must look out for just such kind of clothes—the kind that are all "front" and no backbone of quality. Your safety is in the label that you know or ought to know. That's the reason we want you to buy SINCERITY CLOTHES. We stand back of them, and the makers back of us. That's a pretty good assurance that you will get your money's full value. It's one reason why people who wear Sincerity Clothes always come back for more. And the other reason is that they have the most style and quality of any make of clothing, and sell for less money than other makes in the same class. "Health Coffee"

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. McGinn & Smith.

The City Charter

Net the least important matter to be considered by the voters of the city on election day will be the adoption of the new city charter, copies of which can be obtained by every voter of any member of the council or city officers.

Under the new charter all officers of the city will be the same as at present, except that a water and light board will be created to manage the public utilities of the city under the regime of municipal ownership which will be soon be inaugurated, and a park board to manage the city parks and boulevards. This surely is a change, which all municipal ownership advocates desire.

Another important change will be the extension of time for payment of street improvements. Under the present charter payment must be made in one year, which is so great a handicap on small owners that improvements are practically impossible. Under the new charter street improvements can be extended over five years, a revolving fund being created for that purpose. Sewer construction will also be assessed as at present in three years.

But one of the best things about the adoption of the new charter will be the fact that it gives the city home rule, in all municipal matters. If any provision of the charter is not desirable it can be changed at any time at a special election, if the people by their votes so decide.

The few advantages above enumerated of the new charter over the old, are so obvious and so pronounced, that they alone would make the charter a necessity, but there are a great many more which can be seen by comparing the two.

Vote for the new charter on election day without fail.

MUSIC AND DRAMA

The Devil

Henry W. Savage's companies are now producing the only correct and authorized version of Franz Molnar's remarkable Hungarian play, "The Devil" in New York, Philadelphia, Boston and Chicago. The performance of this furor-creating play in Brainerd at the opera house Oct. 2, is by permission of Mr. Savage and company and scenic effects are fully up to the high standard set by this famous producing manager.

Was Good Show

The play "For Home and Honor" put on by the Burt Imson Co., last night was the best one of the week. It was greeted by an appreciative audience, though not so large as it might have been. The company tonight will put on "The Gambler and the Girl."

Since January, 1836, the United States government has granted more than 900,000 patents. But none was issued for the Bryan contraption to transform 50 cents' worth of silver into a 100 cent gold standard dollar.

The revival of business is quickened as the conviction grows that the election of Taft and Sherman is assured.

Measure the Value of an Overcoat

by the Service it gives you.

If you should buy an overcoat now and next February find it was not fit for another season, you wouldn't be greatly pleased with it or the store where you bought it—would you? Yet you must look out for just such kind of clothes—the kind that are all "front" and no backbone of quality. Your safety is in the label that you know or ought to know. That's the reason we want you to buy SINCERITY CLOTHES. We stand back of them, and the makers back of us. That's a pretty good assurance that you will get your money's full value. It's one reason why people who wear Sincerity Clothes always come back for more. And the other reason is that they have the most style and quality of any make of clothing, and sell for less money than other makes in the same class. Do you want any better reasons why you ought to be one of our steady customers?

BOYS WANTED FOR SPECIAL POLICE

Chief McGivern will Again Employ Boy Policemen for Hallowe'n Night

WORKED WELL LAST YEAR

This Experiment was Tried in Brainerd Last Year for First Time

Last year for the first time Chief McGivern adopted the plan of enlisting the boys of the city in keeping order on Hallowe'n night. This plan had been previously successfully tried in other places and it worked so well here last year that it will be tried again this year. Chief McGivern will select five boys in each ward and would like to have any boys who wish to act as special officers meet him at the municipal court room Saturday afternoon at 3 o'clock.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. McGinn & Smith. t t

The City Charter

Net the least important matter to be considered by the voters of the city on election day will be the adoption of the new city charter, copies of which can be obtained by every voter of any member of the council or city officers.

Under the new charter all officers of the city will be the same as at present, except that a water and light board will be created to manage the public utilities of the city under the regime of municipal ownership which will be soon be inaugurated, and a park board to manage the city parks and boulevards. This surely is a change, which all municipal ownership advocates desire. Another important change will be the extension of time for payment of street improvements. Under the present charter payment must be made in one year, which is so great a handicap on small owners that improvements are practically impossible. Under the new charter street improvements can be extended over five years, a revolving fund being created for that purpose. Sewer construction will also be assessed as at present in three years.

But one of the best things about the adoption of the new charter will be the fact that it gives the city home rule, in all municipal matters. If any provision of the charter is not desirable it can be changed at any time at a special election, if the people by their votes so decide.

The few advantages above enumerated of the new charter over the old, are so obvious and so pronounced, that they alone would make the charter a necessity, but there are a great many more which can be seen by comparing the two.

Vote for the new charter on election day without fail.

MUSIC AND DRAMA

The Devil

Henry W. Savage's companies are now producing the only correct and authorized version of Franz Molnar's remarkable Hungarian play, "The Devil" in New York, Philadelphia, Boston and Chicago. The performance of this furore-creating play in Brainerd at the opera house Oct. 2, is by permission of Mr. Savage and company and scenic effects are fully up to the high standard set by this famous producing manager.

Was Good Show

The play "For Home and Honor" put on by the Burt Ineson Co., last night was the best one of the week. It was greeted by an appreciative audience, though not so large as it might have been. The company tonight will put on "The Gambler and the Girl."

Since January, 1836, the United States government has granted more than 900,000 patents. But none was issued for the Bryan contraption to transform 50 cents' worth of silver into a 100 cent gold standard dollar.

The revival of business is quickened as the conviction grows that the election of Taft and Sherman is assured.

FEATURE OF BRYAN'S TOUR

Appearance of David B. Hill on Platform at Albany.

FOR FIRST TIME IN YEARS

Former United States Senator From New York State Participates in a Political Meeting and Pledges His Support to the Nebraskan—Latter Pleaded at Hill's Remarks—Now Believes Democrats Will Win.

Albany, N. Y., Oct. 29.—The feature of William J. Bryan's tour up-state was the appearance on the platform here of former United States Senator David B. Hill. It was the first time in several years that Mr. Hill had attended such a gathering, so that when he stepped forward as chairman to introduce Democracy's leader, the great crowd which packed the hall where the meeting was held rose as to a man and wildly cheered.

"Although not connected with politics," Mr. Hill said, "I reiterate that I am heartily in favor of the election of the Democratic national and state tickets. I am not so partisan, however, that I would support the party whether right or wrong, but permit me to say that I support the national ticket in this campaign because in my judgment our presidential candidate who honors us with his presence here is absolutely right upon every con-

tested question in this campaign. I am for him because I sincerely believe that the best interests of the country will be subserved by his election. It is time for a change in the administration of the government, a change of measures and of men. Our candidate owes the nomination not to any one man or any set of men, but to the people themselves. If elected, he will be the president himself, and not a dummy for any man. He will not be led around by a string like a great big caged bear."

Panic Among Officeholders.

Ex-Senator Hill, referring to the Republican charge that a panic would follow Mr. Bryan's election, declared that it would not be a business panic, "but it will be a panic on the part of hundreds of thousands of federal officeholders and public officials who will have to surrender their places to the victorious party."

The Democratic candidate received an ovation as he arose to speak. He was cheered to the echo and the large audience reluctantly obeyed his gesture to them to become quiet. He expressed his appreciation of the cordial welcome he had received "in the capital of our nation's greatest state" and replied to Mr. Hill by saying:

"I appreciate the more than generous words employed by Senator Hill in presenting me to you. One of the pleasures of this campaign is the unity that manifests itself in the Democratic party. As the candidate for president of the United States, I have behind me a united Democracy, and in front of me a scared Republican party."

He declared that the Democratic party was full of fight while the Republican party was full of fright. "I believe," he continued, "that we are going to win a great victory, and, my friends, I am glad that Senator Hill, the hero of so many battles, is fighting by my side prepared to share with me the joys of a Democratic triumph. This victory would be incomplete if it were a sectional victory. But I believe that this victory is going to be won by the co-operation of the East and the West, the North and the South, and that it will cement the Democratic party as a fighting force."

Mr. Bryan repeatedly referred to Mr. Taft's labor record. He declared Mr. Taft was the most objectionable public man to laboring men the country has ever known.

A heavy rain was coming down when Mr. Bryan arrived here. In the course of the day Mr. Bryan made speeches at Hastings-on-Hudson, Tarrytown, Ossining, Peekskill, Cold Springs, Fishkill, Poughkeepsie, Rhinecliff, Hudson, Rensselaer, Troy and Schenectady. Everywhere along the line of travel immense crowds turned out in the rain to hear him.

SEIZED BY RUSSIANS.

Raiding Jap Sealing Schooners in the North Pacific.

Victoria, B. C., Oct. 29.—The seizure of more raiding Japanese sealing schooners at the Russian sealing grounds in the North Pacific is reported by the steamer Montague, which has arrived here from those waters. The schooner Bosa Maru was intercepted off the rookery at the Russian seal islands early last month on her way home from the Bering sea. Two boats with six armed men were on the beach. The men were engaged in clubbing seals on the hauling grounds when the Russian patrol ship arrived and seized the schooner, but in the fog the schooner escaped and the guards afterward found the six men who had been left on the rookery.

Another Japanese schooner was caught off Great Santal Island by a Russian patrol cruiser, the crew deserted the schooner and took refuge in the woods. After a vain chase the Russians returned and burned the ship. It was feared that the Japanese would be frozen to death.

Annual Convention of National W. C. T. U. Comes to an End.

Denver, Oct. 29.—The thirty-fifth annual convention of the national W. C. T. U. came to an end with a general jubilee in which all the states represented took part by reporting on the great gains in membership made during the year. It was announced that a gain of 20,000 in membership had been made.

Several resolutions were adopted during the sessions, the most important one expressing opposition to the re-election of Speaker Joseph G. Cannon to the national house of representatives. Another resolution adopted favored education of the people in regard to "the dangers of fermented wines." This was aimed at the California Wine Growers' association.

EVIDENCE OF A DAMAGING NATURE

Unearthed Against Murderers of Captain Rankin.

Camp Nemo, Reelfoot Lake, Tenn., Oct. 29.—Within one week from the time the soldiers of Tennessee under personal direction of Governor Patterson spread their tents in the heart of the night rider district, evidence of the most convincing and damaging nature against the murderers of Captain Quentin Rankin has been unearthed.

Frank Ferriner has confessed and has implicated ten or twelve men now in custody. He gave names and it is understood went into full details. It is gathered on reliable authority that he will be taken for safekeeping at once either to Nashville, Memphis or Jackson, with the probability that he will go to Nashville.

Ferriner has been carefully guarded in an isolated tent. Ferriner's confession came after a long grueling examination in Colonel Tatom's tent, which lasted three hours. Governor Patterson in person probed the witness and his questions were most searching. Evidence is developing daily in a most satisfactory degree and the governor expressed himself as highly pleased with what has been brought out.

"We are getting some mighty strong evidence," he said, "and I am confident we will discover this marauding band and secure convictions."

Beside Ferriner four other men are guarded in separate tents.

About twenty-three additional prisoners have been brought in. Most of them are wanted as witnesses, but three who were apprehended are regarded as important arrests. They are Fred Plinton, J. A. Johnson and R. L. Knight. On the arrival at camp of Major E. E. Martin and his detachment bringing eight or ten prisoners, Governor Patterson conducted a court of inquiry in his tent, examining singly those brought in. The examination lasted several hours. It is believed that more important evidence was elicited.

The total arrests since the troops arrived is eighty-five and of this number it is believed that more than one-third belong to the night riders' band.

ROBBERY MYSTERY SOLVED

Boys Who Looted a Mexican Bank Arrested.

Mexico City, Oct. 29.—A dispatch from Chihuahua says Moses Navarro and Martin Matues, both clerks in the Banco Minera, and Manuel Molinar, all boys of less than twenty-one years of age, are under arrest and the mystery of the robbery of the bank of \$185,000 on the night of March 1, last, is solved. One hundred and seventy thousand dollars of the money has been recovered, leaving only \$15,000 still missing.

Root Talks at Cincinnati.

Cincinnati, Oct. 29.—Secretary of State Elihu Root spoke to several thousand persons at Music hall here. The meeting was held under the auspices of the Citizens' Taft club. In a parade which preceded the meeting many campaign clubs participated, including the Citizens' Taft club and the Cincinnati Blaine club. Secretary Root spoke on national issues only.

CLOTHCRAFT STYLE

Young men want their clothes cut with a certain smartness—they ought to have what they want.

Older men—want more conservative styles—they, also, ought to have what they want.

Now, CLOTHCRAFT clothes for Fall and Winter have this merit—you can find just the model and just the pattern best suited to your wants.

But, whatever you want, the style will be correct and proper

—if you get CLOTHCRAFT.

The cutting, the making in every detail will be just right to give you good-looking clothes—a suit or an overcoat that will not only look well when you first put it on, but keep on looking well.

Because of their merit, CLOTHCRAFT clothes have the approval of the trade and of all who ever try them.

Most important, perhaps, of all—

CLOTHCRAFT garments are all wool—pure wool with no cotton mixture—guaranteed wool all through.

And CLOTHCRAFT is the only line of men's clothing made of all wool materials and selling at from \$10 to \$25, suit or overcoat.

Look in soon while the stock is complete. Why not today? It will pay you.

Bryan has never done anything but talk, and events have proved that everything he threatened to do would have been disastrous.

Making Good.

There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "boozie," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equalled.

MYSTERIOUS TRAGEDY.

Man and Woman Found Dying From Bullet Wounds.

Greenfield, Mass., Oct. 29.—A double tragedy, surrounded by mysterious circumstances, occurred here. Benjamin E. Gaines, thirty-nine years old, and Miss Harriet Mabel Wing, ten years younger, were found dying from bullet wounds at Miss Wing's boarding house. Both expired without making a statement. The police expressed the opinion that Gaines shot the young woman and then killed himself, but no reason for the shooting is known.

Mr. Bryan is discovering that the American workman recognizes no political boss except the one he finds under his own hat.

Beside Ferriner four other men are guarded in separate tents. About twenty-three additional prisoners have been brought in. Most of them are wanted as witnesses, but three who were apprehended are regarded as important arrests. They are Fred Plinton, J. A. Johnson and R. L. Knight. On the arrival at camp of Major E. E. Martin and his detachment bringing eight or ten prisoners, Governor Patterson conducted a court of inquiry in his tent, examining singly those brought in. The examination lasted several hours. It is believed that more important evidence was elicited.

The total arrests since the troops arrived is eighty-five and of this number it is believed that more than one-third belong to the night riders' band.

ROBBERY MYSTERY SOLVED

Boys Who Looted a Mexican Bank Arrested.

Mexico City, Oct. 29.—A dispatch from Chihuahua says Moses Navarro and Martin Matues, both clerks in the Banco Minera, and Manuel Molinar, all boys of less than twenty-one years of age, are under arrest and the mystery of the robbery of the bank of \$185,000 on the night of March 1, last, is solved. One hundred and seventy thousand dollars of the money has been recovered, leaving only \$15,000 still missing.

Root Talks at Cincinnati.

Cincinnati, Oct. 29.—Secretary of State Elihu Root spoke to several thousand persons at Music hall here. The meeting was held under the auspices of the Citizens' Taft club. In a parade which preceded the meeting many campaign clubs participated, including the Citizens' Taft club and the Cincinnati Blaine club. Secretary Root spoke on national issues only.

CLOTHCRAFT STYLE

Young men want their clothes cut with a certain smartness—they ought to have what they want.

Older men—want more conservative styles—they, also, ought to have what they want.

Now, CLOTHCRAFT clothes for Fall and Winter have this merit—you can find just the model and just the pattern best suited to your wants.

But, whatever you want, the style will be correct and proper

—if you get CLOTHCRAFT.

The cutting, the making in every detail will be just right to give you good-looking clothes—a suit or an overcoat that will not only look well when you first put it on, but keep on looking well.

Because of their merit, CLOTHCRAFT clothes have the approval of the trade and of all who ever try them.

Most important, perhaps, of all—

CLOTHCRAFT garments are all wool—pure wool with no cotton mixture—guaranteed wool all through.

And CLOTHCRAFT is the only line of men's clothing made of all wool materials and selling at from \$10 to \$25, suit or overcoat.

Look in soon while the stock is complete. Why not today? It will pay you.

Bryan has never done anything but talk, and events have proved that everything he threatened to do would have been disastrous.

Making Good.

There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve-line it is unequalled. It won't satisfy those who want "boozie," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equaled.

MYSTERIOUS TRAGEDY.

Man and Woman Found Dying From Bullet Wounds.

Greenfield, Mass., Oct. 29.—A double tragedy, surrounded by mysterious circumstances, occurred here. Benjamin E. Gaines, thirty-nine years old, and Miss Harriet Mabel Wing, ten years younger, were found dying from bullet wounds at Miss Wing's boarding house. Both expired without making a statement. The police expressed the opinion that Gaines shot the young woman and then killed himself, but no reason for the shooting is known.

Mr. Bryan is discovering that the American workman recognizes no political boss except the one he finds under his own hat.
